that his work in each of the establishments will qualify him as ''employed'' by such a retail establishment at all times within the individual week. As an example, a shoe clerk may sell shoes for part of a week in one exempt retail establishment of his employer and in another of his employer's exempt retail establishments for the remainder of the workweek. In that entire workweek he would be considered to be employed by an exempt retail establishment. In such a situation there is no central office or warehouse concept, nor is the employee considered as performing services for the employer's business organization as a whole since there is no period during the week in which the employee is not ''employed by'' a single exempt retail establishment.

STATUTORY MEANING OF RETAIL OR SERVICE ESTABLISHMENT

§ 779.312 "Retail or service establishment", defined in section 13(a)(2).

The 1949 amendments to the Act defined the term ''retail or service establishment'' in section 13(a)(2). That definition was retained in section 13(a)(2) as amended in 1961 and 1966 and is as follows:

> A ''retail or service establishment'' shall mean an establishment 75 per centum of whose annual dollar volume of sales of goods or services (or of both) is not for resale and is recognized as retail sales or services in the particular industry.

It is clear from the legislative history of the 1961 amendments to the Act that no different meaning was intended by the term ''retail or service establishment'' from that already established by the Act's definition, wherever used in the new provisions, whether relating to coverage or to exemption. (See S. Rept. 145, 87th Cong., first session p. 27; H.R. 75, 87th Cong., first session p. 9.) The legislative history of the 1949 amendments and existing judicial pronouncements regarding section 13(a)(2) of the Act, therefore, will offer guidance to the application of this definition.

§ 779.313 Requirements summarized.

The statutory definition of the term ''retail or service establishment'' found in section 13(a)(2), clearly provides that an establishment to be a ''retail or service establishment'': (a) Must engage in the making of sales of goods or services; and (b) 75 percent of its sales of goods or services, or of both, must be recognized as retail in the particular industry; and (c) not over 25 percent of its sales of goods or services, or of both, may be sales for resale. These requirements are discussed below in §§ 779.314 through 779.341.

MAKING SALES OF GOODS AND SERVICES ''RECOGNIZED AS RETAIL''

§ 779.314 "Goods" and "services" defined.

The term ''goods'' is defined in section 3(i) of the Act and has been discussed above in § 779.14. The Act, however, does not define the term ''services.'' The term ''services,'' therefore, must be given a meaning consistent with its usage in ordinary speech, with the context in which it appears and with the legislative history of the exemption as it explains the scope, the purposes and the objectives of the exemption. Although in a very general sense every business might be said to perform a service it is clear from the context and the legislative history that all business establishments are not making sales of ''services'' of the type contemplated in the Act; that is, services rendered by establishments which are traditionally regarded as local retail service establishments such as the restaurants, hotels, barber shops, repair shops, etc. (See §§ 779.315 through 779.320.) It is to these latter services only that the term ''service'' refers.

§ 779.315 Traditional local retail or service establishments.

The term ''retail'' whether it refers to establishments or to the sale of goods or services is susceptible of various interpretations. When used in a specific law it can be defined properly only in terms of the purposes and objectives and scope of that law. In enacting the section 13(a)(2) exemption, Congress had before it the specific object of exempting from the minimum wage and overtime requirements of the
